**Subject: Journal of Medical Education Commission (JMEC)**

About the Journal

Publication of JMEC started from July 2020 by Medical Education Commission of Nepal. The aim of JMEC is to promote and provide a common platform to publish the scientific works in the field of medical education as well as to foster the knowledge, disseminate the innovative ideas, technologies, teaching learning techniques in this field.

Publication: It is published biannually; in the month of January and July and is peer reviewed internally and externally.

Languages: JMEC accepts articles both in English and Nepali languages.

Field of Articles:

JMEC publishes articles from the field of medical education, medical and bioethics, teaching-learning methodology, communication skills, student-teacher training methodologies, innovations in medical education, online teaching-learning, telemedicine in medical education, national/international policies in medical education, global standards in medical education and more. Beside this, it also will publish student centered articles in medical ethics and medical education.

Guideline for submission of manuscripts:

JMEC requires that the manuscript submitted are the original work of the authors and it is not submitted anywhere else before submission to JMEC. Authors are solely accountable for their works, views and opinions expressed in the submitted manuscript. Manuscript should be submitted duly signed by authors declaring conflict of interest and funding sources and with a covering letter
